Re: Rent Control Board

Dear Ms. Yearsley,

I have been approached by residents in the community in regard to the Township of Weymouth allowing a resident of the Oaks of Weymouth, in addition to a representative of Hometown America, being appointed to the Rent Control Board as non-voting members. These appointments would be in representation of the Oaks of Weymouth for informational purposes in the decision making process. The Oaks of Weymouth Management is in agreement that the placement of these delegates would be beneficial to our residents, as well as to our organization. Please consider consenting to this request.

Thank you for your attention to this matter. Should you have any questions, please contact my office (609) 625-6257.

Sincerely,

Melissa M. Tusso
Community Manager

**CHRISTIE ADMINISTRATION ANNOUNCES MORE THAN \$17 MILLION IN
CLEAN COMMUNITIES GRANTS FOR MUNICIPALITIES AND COUNTIES**
PROGRAM FUNDS LITTER CLEANUPS THAT BUILD CIVIC PRIDE

(14/P48) TRENTON –The Christie Administration today announced the award of more than \$17 million in Clean Communities grants to help municipalities and counties conduct litter cleanup efforts that help beautify New Jersey’s communities and roadsides.

“This money is used for cleanup efforts that show the Christie Administration’s commitment to protecting our natural resources, enhancing our quality of life and building pride in our cities and towns across the state,” said Department of Environmental Protection (DEP) Commissioner Bob Martin.

The DEP is awarding a total of \$17.1 million, including \$15.2 million to 559 eligible municipalities. Seven municipalities are not eligible because they have fewer than 200 housing units. An additional \$1.9 million is being awarded to all 21 counties.

“Many of the largest grants are going to urban cities.”said Jane Kozinski, Assistant Commissioner for Environmental Management. “These grants build civic pride and enable our cities, towns and counties to move ahead with programs that remove litter from our neighborhoods and along our roads and highways, making our state a better place to live and work.”

As established by law, the nonprofit New Jersey Clean Communities oversees the reporting requirements for the program. The grants are funded by a legislated user-fee on manufacturers, wholesalers and distributors that produce litter-generating products. Disbursements to municipalities are based on the number of housing units and miles of municipally owned roadways within each municipality.

“New Jersey Clean Communities is a grassroots, community-driven litter abatement program that depends on funding disbursed to towns and counties every year,” said Sandy Huber, the group’s executive director. “Money used for cleanup, enforcement and education related to litter abatement helps relieve strained municipal budgets, creates employment and promotes volunteerism. We are grateful for the funding and proud of three decades of success in sustaining a reduction in litter statewide.”

Municipalities receiving the largest grant awards are: Newark, (Essex County) \$355,479; Jersey City, (Hudson County) \$328,191; Toms River (Ocean County) \$185,242; Edison Township (Middlesex County) \$147,896; Hamilton Township (Mercer County) \$157,183; Woodbridge Township (Middlesex County) \$145,003; Paterson (Passaic County) \$159,203; Elizabeth City (Union) 145,979; Brick Township (Ocean County) \$140,369; Middletown (Monmouth County)

\$126,573; Cherry Hill (Camden County) \$124,859; Trenton (Mercer County) \$117,080; Clifton (Passaic County) \$114,093; Vineland (Cumberland County) \$109,499; Franklin Township (Somerset County); \$108,389; Camden (Camden County) \$104,829; Gloucester Township (Camden County) \$102,896; and Old Bridge Township (Monmouth County) \$101,259.

The counties receiving the largest grant awards are: Ocean, \$177,441, Cumberland, \$154,735, Burlington, \$144,714, Bergen, \$119,061 and Gloucester, \$116,628.

Litter comes from pedestrians, motorists, overflowing household garbage, construction sites and uncovered trucks, and is often blown by the wind until it is trapped somewhere, as along a fence or in a ditch or gully. People tend to litter when an area is already littered, and when they do not feel a sense of ownership or community pride. In addition to being unsightly, litter unhealthy may create a negative public image.

Activities funded by the grants include cleanups of stormwater systems that can disperse trash into streams, rivers and bays; volunteer cleanups of public properties; adoption and enforcement of local anti-littering ordinances; beach cleanups; public information and education programs; and purchases of litter collection equipment, litter receptacles, recycling bins, anti-litter signs and supplies to remove graffiti.
